1 Introduction

1.1 Document Overview

This document contains release notes information for *SabreSonic® CSS Digital Connect* Release 5.0.1. Read this document so that you are aware of changes to the solution.

1.2 Release Identification

Release Version	Type (Version, Update, or Patch)	Date	Approved By	Description of Change
5.0.1	Maintenance	March 2020	Rafał Hołub, Joyce Schofield	Software updated.

2 Summary of Changes

Digital Connect v5.0.1 is the continuation of creating *Digital Connect* microservices. In that release the PNR and Purchase services have been converted to microservices by leveraging the maximum code reuse. The new services can be then deployed independently and allow customer systems additional flexibility on the consumption of these services to create unique flows according to their market-driven user experiences.

The current release of microservices does not contain any functionality changes.
